Presidential Perspective

SDJC Jaguar Tracks Presidential Perspective

May-June 2025

So far, 2025 has seen many changes for Jaguar, JCNA, and SDJC. A great deal has been said and written about Jaguar's recent "copy nothing" approach, so I won't add to this. Of more immediate interest is the recent change in JCNA leadership, with Nedra Rummell and Mark Mayuga being selected to serve on the Board of Directors. As those of us in SDJC know, Nedra has been Membership Chair for many years and continues to be a very key contributor to all aspects of our club. She also recently served as JCNA Membership Chair and has now moved up to be JCNA Secretary while continuing as one of two Southwest Regional Directors. Mark is President of the Jaguar Owners Club of Los Angeles (JOCLA), the other Southwest Regional Director, and is now the JCNA President. Mark has been involved with JCNA and Jaguar for more than five decades as I recall and brings energy, passion, and commitment to his role. I am confident that Nedra, Mark and other members of the JCNA board will continue to address the challenges of membership retention and growth.

Another significant change is this will be the last *Jaguar Tracks* as a stand-alone publication. The earliest version in the club archives is from March 1961 (see pages 4-6; note the prices!), a three-page summary of club events typed with a manual typewriter and provided without photos or advertisements. Flash forward to this version. My math says that over ~775 editions have been provided over the 60+ years. That's a lot of news! So why is this the final version? Several factors came into play, primarily the Internet and the growth of social media, both of which allow near instantaneous recap of events and descriptions of upcoming events without the need to prepare dedicated monthly or bi-monthly newsletters. Another factor is the effort required to pull the *Tracks* together. This is a relatively big task that falls primarily to the Editor and a small group of member contributors. Past editors, including Gail Hoffman, Katherine Partain, Stick Holmes, Jim Hallameyer, Chuck Leuthern, Tim Calver, yours truly, and many others, took on the challenge to help keep members informed and engaged. While this is the last *Jaguar Tracks*, club information will be provided directly on the SDJC website, along with e-mail notifications of upcoming events and activities. This is an approach adopted by other JCNA clubs and has worked well.

A final change that affects the club, and me especially, is the loss of Jorgene, my wife, Jaguar copilot, and life counselor for 45 years. Those who experienced her warmth, humor, charm and beauty can understand the loss. Jorgene and I have driven only Jaguars for over 40 years and that was due to her appreciation of the style and grace that our Jaguars provided – just like her.

Here's hoping to see you at Jeremy's on the Hill on June 14 (see page 32).

OF SAN DIEGO, CALIFORNIA

March 1961

Following the January 1961 dinner meeting, Gladys Hawkins, Dr. McPheron, Bill Walter and the Editor were appointed as a committee to establish a competition point program as an added inducement for more widespread participation in sports car activities in the San Diego area. It was, and still is, the opinion of Dr. McPheron, the guiding light of the point system, that in order to encourage more Jaguar owners to become JCNA members, a firm program of interesting and attractive events must be in operation.

Since the number of established sports car clubs in the area is about fifteen, and since there is seldom a week passes which contains less than two or three events of some nature, it was proposed by Dr. McPheron, and seconded by Gladys Hawkins, that rather than compete with these organizations for dates, the Jaguar Club members would join in the events as participants or workers. In this manner, the membership would be able to enjoy themselves without the necessary drudgery of planning anything more than gasoline and rest stops or help at check points, etc.

The point program will be as follows:

<u>IF YOU --</u>	<u>POINTS GAINED</u>
1. Attend a regular meeting	5
2. Attend a special meeting	4
3. Attend a Club or Council Event	3
4. Participate in a Council or Club Event	10
5. Work in a Council or Club Event	5
6. Extra or bonus points based upon order of finish same as FIA uses for figuring world championship 10-8-6-4-3-2. First place receives 10 bonus points, etc.	

One point should be made clear--the burden of work will fall to the contestants because it will be their duties to send a card to Editor Boyd Harford, 1819 Lyndon Road, San Diego 3, stating the event, placement, role as spectator, worker or competitor.

Particular emphasis this year will be upon team entries from the Jaguar Club. A team will consist of three autos. The more of these three-car teams, the merrier. It is hoped that more than just one team will form as it is anticipated this will stimulate a more competitive spirit within the club as well as give the club good publicity. Each driver and navigator will be provided with the Team patch as designed by Dr. McPheron. Incidentally, Commander Katcher is investigating having the item made in Japan, finished in silver thread to match our regular Club patch, which will fit in the designated area.

We are listing the events on the calendar so far. Additional entries will be added as they come in each month. Our faithful representative at the Council, Gladys Hawkins, will see to it you are informed through this column.

STATIC FROM HERE AND THERE

The rumor has had it for the last several weeks that Jaguar is concentrating upon the development of its fast back GT coupe, scheduled for its debut April 1. COMPETITION PRESS reports Briggs Cunningham will have three of these cars to share with Pabst and Hansgen at Le Mans this year. This machine will compete racewise with the Aston Martin GT, and Ferrari 250 GT, but will sell for considerable (?) less.

If you think the 1961 SCCA class breakdowns are rough, pity the poor Record Monza 1000 cc of Abarth. If it is declared production, and it is expected any time, it would be sent to either Class D or B depending upon how unpredictable Westport may be. If it goes D, the Alfas might not have it quite their own way, or if the coin flips toward B, well--first there will be Porsche Super 90, then Daimler SP 250, next Ferrari and the mighty, thundering, belching, bounding Corvette. Davis, shake hands with Goliaths and GOOD LUCK!

I read that the boys at Sebring need flagmen (experienced) and qualified telephone operators for the upcoming March meeting.

NOW HEAR THIS!

I have received several fine letters from Mr. Vilem Haan, Southwest Regional Director, Los Angeles. The Los Angeles Club is holding speed trials sometime in April at an abandoned airstrip between Barstow and Victorville. They have extended an invitation to our club to join the events. You lads and lassies with a heavy foot should get fun out of these speed trials.

Ye president is planning on flying up to Search Light, Nevada, to make arrangements for our annual jaunt to that establishment of merriment, namely El Rey Resort.

Our good Veep, Bud Lundy, is making arrangements at Pine Valley Lodge for a breakfast caravan on March 19, 1961.

Good members and "memberesses" and guests and "guestesses"--this is your club. You drive the finest automobile built, you have the best club in San Diego--let the other clubs know that by participating in their events--attend your club meetings and events. Remember the larger the group attending a club overnite event, the better rates we can get.

The regular monthly meeting, the second Friday of this month, will be at El Morocco Restaurant, 8015 Broadway, Lemon Grove. Cocktails 1900 - 2000, dinner at 2000. BE ON TIME! The meetings will be held at this restaurant April 14, May 12, and June 9, 1961. You will find excellent New York cut steaks and lobster or delicious prime rib roast beef and lobster. The price--\$3.95 each. Members of other out of town Jaguar Clubs are welcome. Greetings to the Los Angeles, San Francisco, and New York Clubs!

Rolling British Car Day

Rolling British Car Day took place on Sunday, April 6. The drive consisted of two groups, with one leaving from the Carlsbad Windmills, the other leaving from El Cajon area. Drivers in the northern group took a coastal cruise down the 101, through Rancho Santa Fe, and ultimately followed each other on the route to Julian. Menghini Winery was the final destination complete with picnic benches and over 100 British cars in the grass. Picnics, beautiful weather, and amazing car made for one fantastic day.

We have an App for That!

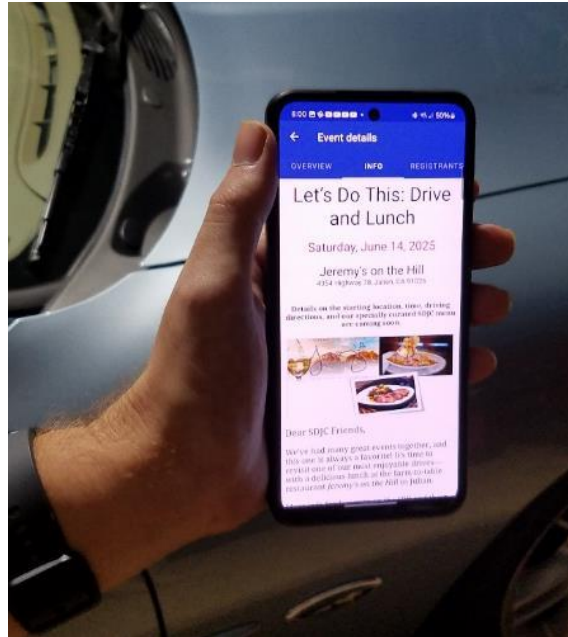

By Matt Allen, Webmaster

Do you want mobile phone access to your favorite Jaguar Club? There's two ways to get it – you can use a web browser and the SDJC webpage, or you can use the app!

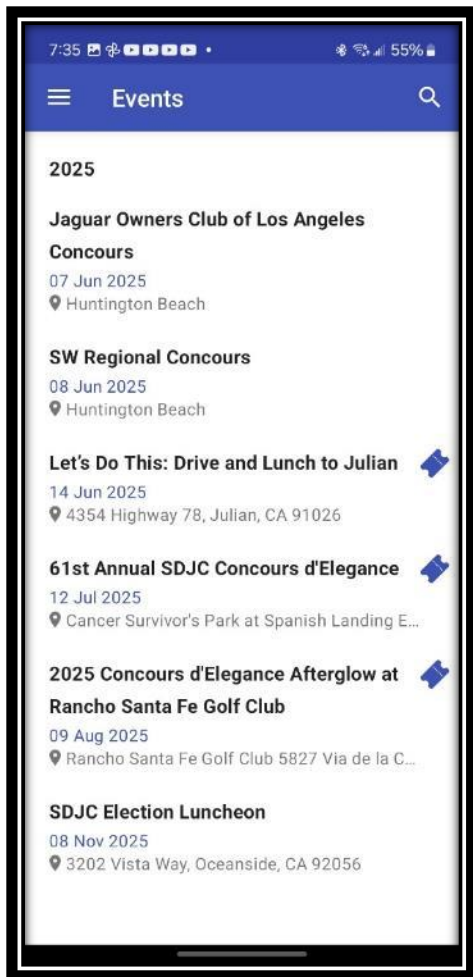

Our website is hosted by a company called Wild Apricot. That's why we have two website addresses: sdjagclub.com, and sdjagclub.wildapricot.org. It's also why our eblasts come from Wild Apricot. BTW - I'm in the process of updating the server settings so the eblasts come from sdjagclub.com. It's not 100% obvious how to do this, but I'm confident it can be done.

Wild Apricot has a mobile phone app that gives good access to club features such as upcoming events calendar, registration and membership renewal.

Here are details using the app for the June Drive to Jeremy's on the Hill, and the August Afterglow.

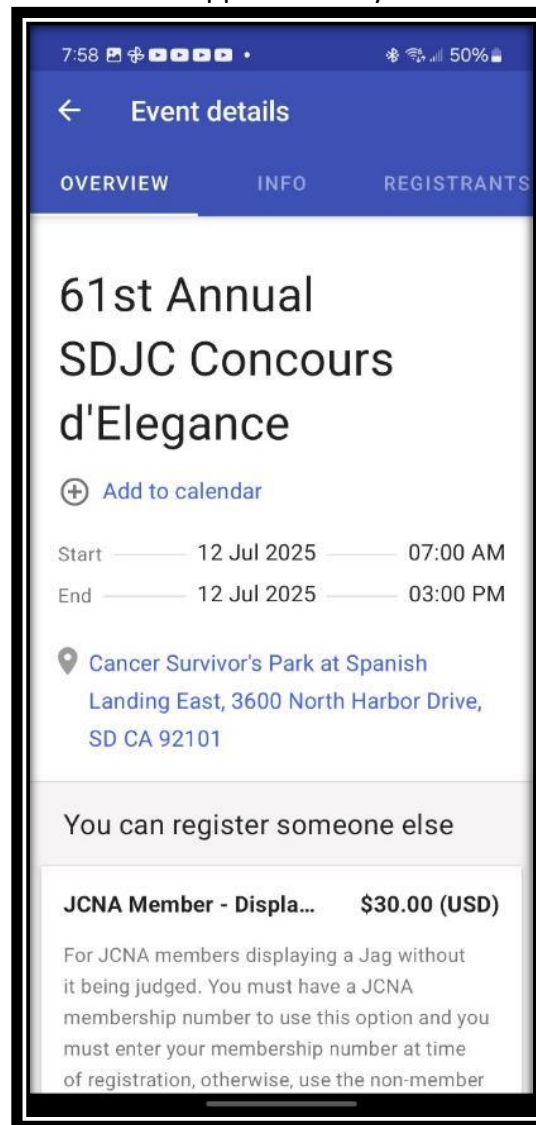

Here are a few screenshots to show the look and feel of the app.

The ticket symbol by the event indicates I had already registered. You can get details of the events on the app.

Here's an example for the Concours d'Elegance

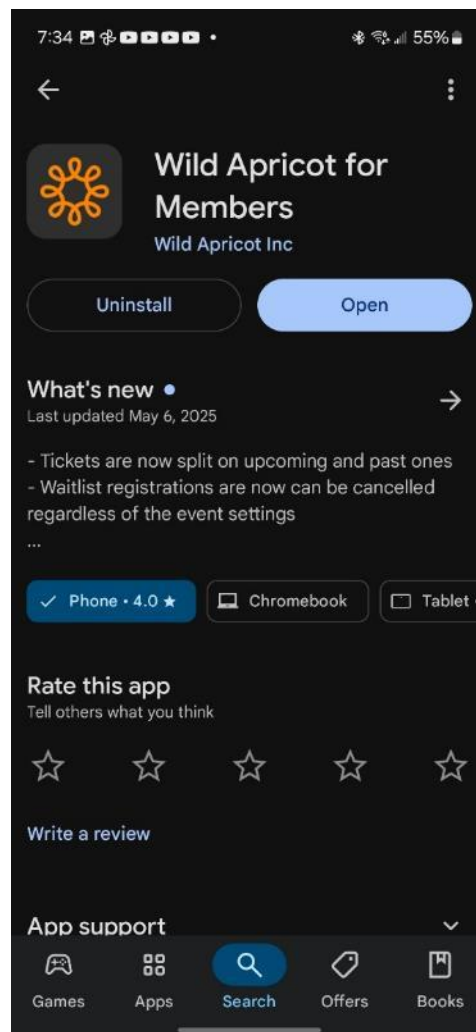

Here's what happens when you click on the event

Clicking on Info brings up more details of the event

So how do you get the app? Simply go to the app store and download the Wild Apricot member app. Login with your San Diego Jaguar Club credentials, and that's it!

If you have any questions about the app, please let me know!

Cheers, Matt

Annual Membership Appreciation Luncheon

By Nedra Rummell

**Green Dragon Tavern – Carlsbad
May 10, 2025**

I've said it before, and I'll say it again – this is my favorite SDJC event to host! Originated in 2006, it was called the New Members Luncheon, with the intent for new members, as well as those who normally do not attend events, to meet other members, have fun, learn more about the club, and most importantly share Cat stories. What better way than to seat members with others who have the pleasure of driving the same model Jaguar? To my delight, mission accomplished - it was great to observe all 61 guests chatting, smiling, and laughing.

As always, the event kicks-off displaying our beautiful Cats in the parking lot, but we upped the game this year by featuring a Show and Shine. We can always trust our fearless members to meet the call – in all 31 Jaguars, all clean and shiny, lined up ready for admiration and hopefully votes. Nice job SDJC Members!

During the cocktail hour, guests enjoyed a beverage of their choice, bought raffle tickets, reviewed Marie Allen's incredible SDJC historical display, all while chatting with friends. The Green Dragon received rave reviews for the delicious Pan Seared Citrus Dill Salmon and their impeccable service. Only downside – poor acoustics. A special thank you to the SDJC board for subsidizing the luncheon costs.

Always gracious, President Dan Jensen opened the meeting, introduced the SDJC Board of Directors, Committee Chairs and new members. Dan introduced newly elected JCNA President, Mark Mayuga. Mark presented a short speech regarding the latest happenings at JLR and JCNA. Mark announced Nedra Rummell will be serving as JCNA Secretary, SW Regional Director, and on the JCNA Executive Board. Other guests were Mark and Diane Roach from JOCLA. I'm happy to announce my friends Mark and Diane joined SDJC as Associate members! Lastly, Dan announced the Show and Shine winners:

Models to 1960 - Mike & Peggy Loper for their 1955 XK140 FHC Pastel Green

Models 1961-2000 – Huw Holwill for his 1962 E-Type OTS Gunmetal Gray

Models 2001 to 2025 - Nedra Rummell for her 2023 F-Type R Conv. Blue Fire Blue

Following tradition, Nedra passed the microphone to each table for members to say a little about themselves and the Cats they own. You never know what people are going to say, and it's quite entertaining!

Thanks to Marie Allen, Debbie Bennett, Diah Avery, Lyn Lloyd Smith, Dave and Matt Allen, and Pete Reith for all your help!

Personally, I always delight seeing our members enjoying a fun day together – one obvious sign --- people were slow to leave. Only when the restaurant started breaking down tables did we decide it was time to drive those Cats home. There is always next month to continue those conversations.

Let's do this again next year!

Notes from the Concours Judges Tent

2025 Season

By Dave Allen, Chief Judge, San Diego Jaguar Club

The Concours Schedule is in full swing already. The LA Club has a “Double Header” at Huntington beach June 7th and 8th. The 1st event is the actual JOCLA Concours, the second is the Southwest Regional.

I held a Southwest regional Judges training school via Zoom on May 3rd, which met the “thirty days prior” rule for the LA Concours. The event went well with 18 attendees from JOCLA and SDJC. We had four apprentices! Huw Holwill, Mike Spencer and Sharon Wozniak from San Diego, and Bart Kessel from Los Angeles. I updated the training and test dates on the JCNA website for all Judges in attendance and coordinated with Charlie Hallums, JOCLA Chief Judge.

As I mentioned in the last Newsletter, the 2025 Rule Book updates are largely clarifications of existing rules with a couple of new rules. The most important rule changes are in the table below:

Certification Element	Old Rules	New Rules
Rule Book Test	Every Three Years	Every Year
Judge’s School	Every Year	Every Three Years*

* Attendance at a Judge’s School more often than every three years is encouraged!!

One more rule change: If the battery is in a separate compartment, like an XJS or XKR for example, the battery is not judged, whether in Champion or Driven Division. If the battery is visible, when judging other components, then the battery is judged. Reminder – the boot is not to be opened for Driven Division entries.

I held an impromptu Hands-on Judges School prior to the Member Appreciation Luncheon May 10. What we lacked in numbers, Sharon Wozniak made up for with enthusiasm! Huw Holwill joined briefly but was overwhelmed by E-Type enthusiasts checking out his beautiful Silver ‘62 Roadster. Good times!

Back at home I finished the XJ8 repair, so our garage has room for the XK8 to get a quick clean-up prior to the Los Angeles Concours, where we are entered in both events.

As a reminder – here are the remaining Concours across the Southwest this year:

- June 7, LA Club Concours - Huntington Beach Central Park
- June 8, SW Regional Concours - Huntington Beach Central Park
- July 12, SDJC 61st Concours d'Elegance - Spanish Landing Park, San Diego

- October 4, Inland Empire Jaguar Club Concours d'Elegance - Idyllwild Inn

If you are interested in becoming a Judge, or competing in a JCNA Concours d'Elegance, please contact me at chiefjudge@sdjagclub.com or phone / text (858) 335-0763.

Hello from the Newsletter Editor

Tim Calver

Hi everyone,

Newsletter number 4 here from the editor-in-chief, and this could be the last given that *Jag Tracks* is not as read as the *New York Times*, although in my opinion, it should be.

I'm hogging the front cover again, this is another of my uncle's e-types, this one he raced around Castlecombe. My cousin, Simon, also took the car out for a literal spin in this car by putting the pedal to the metal as soon as the race began, and next thing the car is now facing the oncoming traffic! Good thing my uncle had a sense of humor about this.

I hope you all enjoy this issue, see you on the next drive!

US tariffs: Jaguar set to revive E-Type to calm worried nation (Satire piece)

Return of UK's best ever car will also solve climate crisis and rewild butterflies

Here's TopGear.com's roving correspondent, Cory Spondent, with his mostly incorrect exclusives from the world of motoring

Jaguar is considering reviving its classic, beloved E-Type sports car in order to calm a worried, beleaguered nation beset by financial uncertainty and economic worry.

Widely considered the best car ever made in England, the E-Type will return to production lines in a bid to make everyone feel really quite nice and lovely following widespread uncertainty about the fate of the UK economy and other financial headwinds incomprehensible to most mortals.

Analysts believe the return of the E-Type will not only boost the falling FTSE 100 index, but also soothe international markets, reassure investors that the UK is a safe bet, solve the climate crisis and rewild endangered species of butterfly.

JAGUAR CLUBS OF NORTH AMERICA ANNUAL GENERAL MEETING (AGM) RECAP

April 24-26, 2025

By Nedra Rummell

The 2025 JCNA AGM meeting, hosted by the Delaware Valley Jaguar Clubs, was held at the Sheraton Valley Forge Hotel in King of Prussia, PA. One hundred fifty-six people registered for one or more events during the four-day AGM. Representing the SW Region as a Regional Director, I was honored to attend Thursday's President's Dinner at Maggiano's Little Italy.

While the JCNA Board of Directors were meeting on Friday, more than eighty Delegates and guests from across North America were treated to the beauty and history of the area as participants in the Covered Bridge Driving Tour and Lunch.

Friday JCNA Board of Directors Meeting

JCNA AGM Meeting

The Simeone Museum was the site of Friday evening's welcome event where 124 people admired (drooled over) Dr. Simeone's collection of world-famous racing cars and we could view a Jaguar C-Type and D-Type in the same location!

The official JCNA Annual General Meeting was called to order on Saturday from 8:00 AM and adjourned at 3:00 PM. Post meeting, attendees had the option to attend various Tech Sessions, including:

- Lessons Learned from 44+ years Maintaining Jaguars
- Supporting Jaguar's Heritage and Provenance
- Concours Detailing – What to Expect and Not to Expect
- When and Where to Use Dry Ice Cleaning

Saturday night concluded with the Annual Awards Banquet. The keynote speaker was Brandon Baldassari, the Jaguar executive charged with the successful introduction of their new, all-electric vehicles. He provided an overview of the “clean break”, change to the new lineup, the accompanying rebranding strategy, and timeline for commercial introduction of the new car. He told us that the pink and blue coupes are concepts only and that the first model to hit the streets will be a four-door GT car. Prototypes are currently undergoing extensive road testing.

During the banquet, I was honored to be awarded the Coventry Foundation Founders Award [Editor: and well deserved!].

Thank you for the opportunity to serve as the SDJC AGM Delegate. It's always a pleasure to meet other JCNA members and continue to learn more about JCNA.

The Club's finances remain healthy, as shown in the Treasurer's Report provided to the Board.
- **Activities Report: 1st Vice President, Activities:** Diah reported that:
 - As to the May 10 Member Appreciation Lunch – The event was a success with about 65 attendees.
 - As to the June 14 Drive and Luncheon at Jeremy's on the Hill, Julian, CA – The event details are being finalized, and a cost breakdown was provided to the Board. The venue requires a \$500 deposit. There is no food cost to the Club as each member pays individually. The event details and deposit were discussed and approved. The event flyer has been distributed via email.
 - As to the August 9 Concours Afterglow Luncheon at the Rancho Santa Fe Golf Club, Rancho Santa Fe, CA – The event details are being finalized, and a cost breakdown was provided to the Board. The cost per meal is currently \$76.00. Diah asked for a meal supplement of \$11. The event details were discussed and approved.  - As to the November 8 Election Luncheon at the El Camino Country Club, Oceanside, CA – The event details are being finalized, and a cost breakdown was provided to the Board. A deposit of \$667.00 is required, and the cost per meal is about \$43 per person. There is no need for a meal supplement. The event details were discussed and approved.
 - As to other events in 2025 and 2026: For September, she wants to organize a picnic. For January 2026, she wants to have a Holiday/New Year event with a Hawaiian Luau or James Bond 007 theme. For February, she wants to try an out-of-town event, perhaps Laguna Beach or Palm Springs.

- **Membership Report – 2nd Vice President, Membership:** Nedra reported that:
 - Since our last meeting, we have two new members: Claude Petty, Carolyn Hudson, and Cecil Hudson. A Motion to accept the new members was submitted by Terry, seconded by Dave A., and approved unanimously.
 - The 2025 SDJC membership renewal process is continuing. As a result of the mail campaign, we had eight renewals. We are down from 143 regular memberships to 129, about a 10% decrease.
 - The new member listing, the roster, the SDJC Membership Directory, and the SDJC Ownership Directory will be updated and forwarded to the Webmaster.
- **Jaguar Tracks Newsletter Report:** Tim C. reported that he is working on the May-June edition, which will be the final *Jaguar Tracks* monthly edition. In preparation, he requested items from various members.

Old Business:

- As to the Update of our Facebook page – Diah and Nedra reported that we still do not have access to our original Facebook page, but they are working on it. We want to set up a new Facebook page for our Club and are seeking help.
- As to the expanded use of the SDJC website instead of continued bi-monthly *Jaguar Tracks* – Dan. The Board discussed the phasing out of the monthly *Jaguar Tracks* and transitioning to a bi-monthly web-based magazine on our Club’s website. We discussed the logistics of how content could be organized and distributed, the design of the website, and how we want to brand our Club. Nedra reported that many clubs use the Club Express software, and that there are website experts whom the Club can hire who can advise us as to what is possible and who can transition our Club to the new software to achieve our goals. Nedra will contact the expert and report back.
